STANFORD, KY., FRIDAY, JULY 11, 1902. 9 A. M.

NO. 36

Time seems most untimely when he brings a woman to the turn of life. Life is or should be at its ripest and best for her, and she approaches this change with a dread of its effect born of her knowledge of the sufferings of other women at this season.

There is not the slightest cause for fear or anxiety at this period if Dr. Pierce's Favorite Prescription is used. It gives health of body and cheerfulness of mind, and by its aid the pains and pangs of this critical period are prevented or cured.

Dr. Pierce's Favorite Prescription is woman's medicine with a wonderful record of cures of womanly diseases. Diseases that all other medicines had failed to cure, have been perfectly and permanently cured by the use of "Favorite Prescription."

"I feel it my duty to write you as I have received so much benefit from the use of your medicine," says Mrs. Little A. Bowman, of New Matamoras, Washington Co., Ohio. "I have taken four bottles of 'Favorite Prescription' for female weakness and change of life. Before I began taking it I could not do anything. I had such pains in my head and in the back of my neck that I thought I would lose my mind. Now I can work every day. I recommend 'Favorite Prescription' to all females suffering in the period of change of life. It is the best medicine I have found."

"Favorite Prescription" has the testimony of thousands of women to its complete cure of womanly diseases. Do not accept an unknown and unproved substitute in its place.

Keep the bowels healthy by the timely use of Dr. Pierce's Pleasant Pellets.

A WRITER, who claims to have studied the question uses the police court records and the census returns to warn the world against early marriage. Apparently he thinks that people who marry before they are 21 incur great dangers. Statistics have shown of late that divorces are much more frequent among those who marry late. Of course those who marry early have more time in which to get divorced. Even when this fact has been reckoned with, however, there still seems to the statisticians to be reasons to think that the marriage of minors is in general a mistake. There is no particularly disquieting element in the problem. Early marriages are much more common among the poor than among the rich. Now, early marriages lead to domestic unhappiness. Should not the rich, therefore, be happier domestically than the poor? If not, where does the trouble come in? Is it the mere possession of wealth and its opportunities that make the difference?

THE executive committee of the International Sunday School Association has decided to hold the next world-wide convention in Jerusalem in 1904. No doubt the object of the organizers is to attract a large number of Sunday school workers and pupils to the Holy City that they may become imbued with religious spirit from the fountain head of Christianity. They believe that visiting the places where Christ taught and suffered, will increase zeal and foster faith. The experiment is of doubtful expediency. Many persons who visit the Holy Land come away fanatics or shaken in their beliefs. Jerusalem is a vile city where the real Christian spirit is almost a stranger.

SENATOR BEVERIDGE made a denial of the report that he would be a candidate for second place on the ticket with President Roosevelt. Kentuckians just laughed when they heard Beveridge mentioned for vice president. It was not necessary for him to make a denial of the matter, for nobody, not even the Hoosiers and Durbinites, considered it seriously. Beveridge is too small a man for Senator, let alone vice president.

HON. ROBERT HARDING, of Danville, announces for circuit judge in this district, subject to the action of the democratic party. There are few more successful lawyers in this section than Mr. Harding and we suppose there are none who doubt his ability to fill the office he aspires. Mr. Harding is a most affable gentleman and has many friends in the district who hope to see him nominated and elected.

SHOULD South Carolina's new law, prohibiting the sale, use or owning of pocket pistols, prove effective, it will doubtless be adopted in every Southern State, and perhaps in every Northern State. It is greatly to the honor of the Palmetto Commonwealth to have thus taken the lead in trying to banish deadly weapons from the country.

AFTER considering the matter for a year, Lunar H. Holmes, of Springfield, Mo., has refused to adopt the name of Frisbie, though for doing so he would have received \$12,000. Louise Frisbie, his aunt, left him that sum on condition that he make the change, but he preferred his own patronymic to filthy lucre.

THE census bureau says the average farm contains 90 acres, but that Texas has one with 450,000 acres. But it was Gen. Sheridan, we believe, who said if he had to decide where to live between hell and Texas, he would try the former. A 90-acre blue grass farm, adjacent to Stanford, is worth the whole of Texas.

ADA GRAY, who made the greatest Lady Isabel in East Lynne that the world ever saw, is dead in Brooklyn of cancer of the stomach. Those who have heard her sing "Then You'll Remember Me," still remember her clear, sweet voice.

THE Bowling Green Times-Journal's 20th century edition takes the cake so far. It contains 50 odd pages of interesting matter, hundreds of splendidly printed cuts and is a gem in every sense of the word.

ROOSEVELT is said to desire that John W. Yerkes again make the race for governor, but that gentleman remembering a previous race he had about two years ago will decline with thanks, if he can.

COL. COLSON has not dropped the matter of charges that employes of the revenue service have been solicited to contribute to the Boreing campaign fund and that some of them have paid money to Boreing's agents. Col. Colson forwarded the Johnson letter, purporting to set out the facts in the case, to the civil service commission at Washington and received a reply from Chairman Proctor laying down the proper course to pursue. Col. Colson will follow the suggestions and file formal charges. It is said prominent officials in Washington will be involved in the charges.

IN a speech in the mountains some time ago Col. Colson told Congressman Boreing, as an answer to the latter's claim of influence with the powers that be, that a great many people of the 11th did not know who was Congressman from that district and only a few days ago he, Colson, had received a letter asking his endorsement of an appointment to be made for that district as representative of the mountain district.

CHARLES M. LEWIS has sold the Harrodsburg Democrat to Rev. C. E. W. Dobbs, a Baptist minister, formerly of Virginia, and will devote his entire attention to the Shelbyville Sentinel.

Hon. James D. Richardson, leader of the democrats in the House, having no opposition, was Wednesday declared the nominee for the Fifth Tennessee district.

State Senator Charles Carroll, representing Bullitt, Hardin and Grayson counties, is being mentioned for the democratic nomination for attorney general, and his friends are urging him to make the race.

Representative Griggs, of Georgia, chairman of the Democratic Congressional Committee, characterizes the announcement of the president that the republicans will enact an anti-trust law as a "big bluff." He points out that at the recent session of Congress every democrat voted against adjournment in order that anti-trust legislation might be enacted, while the republicans voted to go home.

Elsewhere in this issue of The Record will be found the announcement of Judge M. C. Sandley for re-election as circuit judge. In a recent issue of this paper we dwelt at considerable length on the official conduct and excellent qualifications of Judge Sandley, so will not repeat here what was so recently said. Everybody in the county knows Judge Sandley, and his splendid services as judge speak for themselves.—Central Record.

No finer body of teachers can be found in any county in the State than the ones domiciled in Columbia this week. The institute is in session and about 80 teachers are in attendance. Prof. M. O. Winfrey, of Stanford, an experienced instructor, is conducting the exercises.—Adair News.

Anent the purchase of the Harrodsburg Democrat by Rev. C. E. W. Dobbs the Louisville Commercial says: When a Baptist minister, who has put his hand to the plow, turns back to go editing a democratic newspaper in Kentucky, who shall deny that there is such a thing as "backsliding" or "falling from grace," and where are the theologians who maintain the doctrine of the "perseverance of the saints?"

The Roman Catholics are alarmed at the way the church is losing ground in the United States and a meeting is to be held in Washington to consider the matter. In 12 years the membership is said to have dropped 2,675,300. Ecclesiastics are talking over the situation, but beyond expressing astonishment at the situation, none would attempt to discuss the condition.

IN NEIGHBORING COUNTIES.

President Acheson, of Caldwell Female College, Danville, has employed Mrs. French Tipton, a well known teacher, to take charge of the primary department of Caldwell College next year.

E. W. and George T. Arnold have invented a fastening to hold traces on the single trees of buggies which bids fair to make them some money. It consists of a wire spring, so arranged that the traces can be slipped in position and removed in a moment's time. It is securely held in position and there is absolutely no danger of its coming loose.—Central Record.

F. P. Combest has recently sold the J. W. Allen house and lot, in this place, to Mrs. D. S. Carpenter for \$1,440. Owing to the vastly increasing business of the Southern railroad aside track from McKinney almost a mile long has been made to facilitate the passing of trains. From Moreland to Junction City it will be doubled tracked as soon as the men can be taken from other places.—Hustonsville Cor. Advocate.

Dr. C. M. Paynter, who represented Anderson county in the last general assembly, has sued Lew B. Brown, editor of the Taylorsville Courier, and J. R. Zimmerman, of Bullitt county, a correspondent of the Courier, for \$10,000 for alleged libel. The article was published May 23. It refers to the time when the redistricting bill was before the House and as attempt was made by the Bullitt representative to place Anderson and Spencer counties in the same legislative district.

A Lebanon dispatch says: The sound of some one strangling attracted Stationhouse-keeper Wilson to one of the cells and on opening the door he found George Nelson hanging from the top of the cage. Nelson had torn a handkerchief and made use of it as a rope. The prisoner was cut down apparently lifeless and carried out into the open air. A few minutes later when Mr. Wilson had his back turned, the man had revived sufficiently to jump up and make a dash for liberty. Officer Wilson had no weapon and the would-be suicide made his escape.

Dr. "Elijah" Dowle in his Fourth of July oration at his village of "Zion" in Lake county, denounced and ridiculed the declaration of independence. He characterized it as a farce, a lie and a fraud and made especial objection to the statement of Jefferson that all men are created equal. A great many people will agree with him on the latter proposition. All men are not created equal by a long shot though they may have the same rights under the law.—Lexington Democrat.

At a meeting of the Afro-American council in St. Paul considerable opposition was raised to Louisville as the next meeting place by delegates who opposed a State where "Jim Crow" laws are in force. Bishop Clinton declared in an eloquent speech that the Negroes would receive treatment as fair and courteous in Louisville as in any Northern city, and the selection of the Kentucky metropolis was made unanimous.

TIMBER LAND FOR SALE.

In order to settle the partnership business of John Bonta Jr. and J. O. Coulter, Mr. Bonta having died last December, we will sell 2,700 acres of timber land in Adair county, Ky. This land contains between 4,000,000 and 5,000,000 feet of Poplar, Oak, Walnut, Chestnut and Hickory timber. This tract of land is close to the famous oil fields of Wayne county and is exceedingly well adapted for agricultural purposes. All of the land is in one body and it is a bargain for some one. For particulars apply to

J. C. COULTER, Middleburg, Ky., or to E. M. Hardin, Harrodsburg, or Oscar Bonta, Faulkner, Ky.

NOTICE.

The citizens of Stanford and vicinity may well congratulate themselves on having at their call the handsome and intensely bred milk and butter bull, Peter Cooper's Pedro, 24, 5727, by Peter Cooper's Pedro, 5554, A. J. C. C., who was sired by the great Pedro, a \$10,000 bull and champion winner at the World's Fair. His dam is Pedro's Kentucky Girl, 12574, with a butter record of 17 lbs. and 5 lbs. in 7 days, and winner in the show rings. Her sire is Pedro Royal Marjoran, 28509, a son of Pedro and the great Marjoran, and her dam is Kloter's Pretty Belle, 8854, by Pedro of Linden, 26105, by Pedro, out of Kloter's Pretty Pearl, 75273, by Prospect's Rioter, 9150, out of Lorne's Pretty Pearl, 46,083. Every dam in his pedigree, for sixteen generations, has a recorded butter test. Peter Cooper's Pedro 24 was purchased at a long price for cash; therefore I must have cash for his services, which I have placed at the insignificant sum of \$5, with return privileges. He may be found in paddock at Dr. Bailey's farm, in the town limits. Address Walker B. McKinney, Stanford, Ky.

Real Estate Exchange to secure options on that class of property where the owner is exceedingly anxious to sell or is forced to sell and thereby secure a low price on same and hold out some inducement to buyers. Read their list carefully and see the bargains offered.

SILVER ORE.—Mr. J. R. Dishon showed us the other day a sample of silver ore which is found in abundance on his farm two miles from East Bernstadt in Laurel county. Washington City assayers say it will run 15 ounces to the ton, which would make a ton in the crude state worth a little over \$20. Mr. Dishon would like to sell an interest in his farm to some man of means who would develop the rich minerals found on it.

"We deny the allegation and defy the allegator." The Advocate says that the Crab Orchard fair people "worked on" the politicians and made them give special premiums to their fair. The aforesaid politicians know a good thing when they see it and were only too glad to get the great amount of advertising for a small fee. Our East End people solicit special premiums; they do not "work" even politicians for them. Now will you be good?

HAMPTON.—John Hampton, an ex-Confederate soldier, died at his home on Cedar Creek in the East End Tuesday. He came to this section from Virginia a number of years ago and had made a most excellent citizen. His wife, who was a sister of E. T. Bailey, of Maywood, died some years ago, but two sons and a daughter are left to mourn the loss of a good father. Mr. Hampton made a confession under the preaching of Elder J. G. Livingston a few years ago and that gentleman preached his funeral.

ELOPED.—Oscar Huffman and Miss Pauline Meier, of Danville, but both formerly of this place, were married Tuesday morning at the Fifth Avenue Hotel, in Louisville. The ceremony was performed by Rev. George Gowan, pastor of the Broadway Christian church. After a short stay in the city they returned to Danville, where their friends gave them a hearty reception. The bride is a daughter of Mr. John Meier, of the Highland section, and is an excellent young lady. Mr. Huffman is a son of Mr. O. P. Huffman, of this place, and is a clever business man and a fine fellow. We join the happy couple's friends in wishing them all the joys this world affords.

A GAME of base ball between the Hustonville and Lancaster teams will be played on the Hustonville grounds the afternoon of the first day of the exhibition—the winner to receive \$15 and the loser \$10.

ON Monday, next county court day, I will sell the remainder of my millinery stock, regardless of cost. The stock is in good condition and big bargains can be secured. Miss Lucie Beazley at Severance & Sons' old store-room.

A GREAT vocal contest will be held at Danville July 22. Experience gained from other contests has made it possible to assure the public that this will be in all respects one of the most pleasant events of the midsummer. The program will not only be well-filled, but also have singers of recognized talent on the list. The prizes, \$20, \$10 and \$5 in gold, will be awarded the successful contestants. The young ladies of the Baptist Sunday School will have charge.

COMPANY G, Kentucky State Guard, the Danville militia organization, has elected officers as follows: Captain, Thomas Burke; first lieutenant, W. V. Richardson; second lieutenant, Hugh Smith; Major J. Embury Allen, of Lexington, conducted the election. The company is preparing to send 60 men to the encampment at Mammoth Cave. It is probable that Messrs. Jas. M. Sautley and Ashby M. Warren, of this place, will accompany Co. G. to the encampment and remain with it until its return.

PAXTON.—Mrs. Martha F. Paxton, whose illness was noted in our last issue, died yesterday morning at 7:30 in her 69th year. The end was so calm and quiet, the sorrowing watchers by her bedside hardly knew when it came. She was confined to her bed about 10 days only, though unwell for some time before that. Her ailment, inflammation of the stomach and bowels, took such a hold from the first, that the best medical aid was unavailing, and though suffering excruciatingly in the beginning, she lost consciousness some time prior to her death and was apparently free from pain. Mrs. Paxton was the daughter of James M. Huffman and Martha Logan and was born and spent her whole life in this vicinity. She was the second and the eldest of the first wife of Mr. James Paxton, to whom she was married in 1866, and whom she survived 16 years. She was a most estimable woman, beloved by all who knew her, and her death has caused universal sorrow. During her illness scores of friends called daily to offer their services, and in nearly every instance a wish was expressed that something could be done to repay some kindness rendered by her. Without ostentation or parade, the aim of her life was the accomplishment of good, which she mainly did by alleviating the sorrow of others. She was generally the first to go to the room of sickness and the last to leave it, and her gentle, patient, kindly ministrations were rarely equalled. In her young girlhood she united with the Christian church, but after marriage became a member of the Presbyterian church and was an earnest, consistent, devoted christian. Her seat in church, Sunday school and prayer meeting was never vacant if it was possible for her to be there. For years she has had the infant class in Sunday school, and her influence over the little ones was wonderful and their devotion to her unbounded. She was passionately fond of children and tho' blessed with none of her own, there was never a time during her married life that she did not have charge of one or more motherless children, and to all of them she was indeed a mother. Some time prior to her death she expressed a desire to die at sunrise and be buried at sunset, and her wish will be almost literally fulfilled. She will be buried at 4:30 this afternoon on the family lot in Buffalo Springs Cemetery, the procession leaving her late residence at 4. The services will be at the grave, conducted by Rev. S. M. Rankin, assisted by her old pastor, Rev. A. S. Moffett, of Lebanon. Truly a good woman has gone to her reward!

WM. LIGHT, formerly of Highland, was overcome by heat in Louisville Tuesday and is in a critical condition.

THE atmosphere cooled off considerably yesterday afternoon and to-day is far more pleasant than it has been for a week or so.

THE amphitheatre for the Crab Orchard fair is nearing completion and everything is being gotten in readiness for the great exhibition July 23, 24 and 25.

FAIR PRIVILEGES.—Sealed bids for various privileges of the Hustonville Fair Association, will be received up until Saturday, July 12, 1902. We will also receive bids for lumber to be used in the erection of an amphitheatre, etc up to July 1st 1902. Direct all communications to W. D. Hocker, secy.*

MIDDLEBURG.—Jones & Kelsay's picnic was a decided success, having cleared over \$100. The prizes were awarded as follows: Ball game, Hustonville 9, Yosemite 6. Cake walk, Will Drye and Miss Allie Frye. Old Fiddlers' Contest, Edwards 1st, Martin 2d, Latham 3rd, Richards 4th. Foot Race, Dan Branson.

A LARGE crowd attended Morse & Williams' elocutionary contest at Hustonville last night and all enjoyed the interesting program rendered. Miss Myrtle Britton, of Harrodsburg, won the first prize, \$20, and Miss Juliette Clyde Burke, of Danville, second, \$10. The former's subject was "Perdita, the Marble Statue," and the latter's "Rizpah." Miss Mattie Alcorn, Rev. G. W. Mills and Prof. J. W. Davis were the judges. The vocal solos of Misses Dot Camnitz and Vaughn and Mr. A. B. C. Dinwiddie were superbly rendered. A hop followed the entertainment and an excellent supper was enjoyed at the Weatherford Hotel at about 11 o'clock.

GOOD RECORD.—The following is the record of Lee Ramey, a Stanford boy, who is doing something for himself: Graduated at Centre College in 1897 with honors of the class; taught next two years in Danville, the former in Miss Reed's school and the latter in Hogsett Military Academy. He has been in Johns Hopkins University, Baltimore, for the past three years, doing post-graduate work in Greek, Latin and Sanskrit, and he will receive the degree of doctor of philosophy next year. Mr. Ramey has secured for two successive years the highest honor in the University—appointments to fellowship—each of which yields \$500 in cash. He will return today, after a month's rest in Stanford, to do work during the Summer, for which he has been employed by the University.

MATRIMONIAL.
